## 3M™ Versaflo™ M-100 Faceshield

### Description

A lightweight faceshield that provides respiratory, eye and face protection when suitably connected to an AS/NZS1716 compliant air supply system.

### Applications

There are many workplace applications, including:

- Grinding
- Polishing
- Spraying
- Powder Coating
- Chemical processing

### Features

- Lightweight, with excellent balance.
- Fully-adjustable suspension that includes textile straps for optimal fit and weight distribution.
- Multiple size adjustment options allow for a comfortable fit.
- A air deflector allows users to direct the airflow down or into the face for increased control and comfort.
- Visor design combines excellent peripheral and downward vision with good optical clarity.
- Coated polycarbonate visor provides added chemical and scratch resistance and high impact protection.
- QRS (Quick Release Swivel) breathing tubes allow fast and easy snap on/off connection.
- Easily removable parts allow simple cleaning, maintenance and replacement.

- Most user interface/adjustment points highlighted in blue for convenience.
- To suit a wide range of needs, industries and applications, 3M Versaflo M-Series headtops offer face seals and shrouds in various fabrics.
- Accessories include ear-muffs, peel-off's, various head covers and a chin strap.
- A length-adjusting breathing tube is also available.
- Many parts are common to all 3M Versaflo M-Series headtops, meaning reduced inventories and downtime.

### Specifications

- AS/NZS1716 compliant when connected to a number of 3M air supply system options.
- AS/NZS1337.1 compliant high impact eye/face protection.
- Headtop Weight: 544g (without breathing tube).
- Storage Conditions: -30°C to +50°C, < 90%RH.
- Operating Temperature: -10°C to +55°C.
